Why Choose AV Xpert?

Extensive Experience

We have over 10 years' experience in designing and installing audio-visual systems for commercial clients.

Bespoke System Design

We work with you to create customised AV solutions tailored to your specific requirements.

Customer Focus

Every decision and action is driven by our commitment to meeting and exceeding our customers' expectations.

Free Consultations & Site Visits

We offer free no-obligation consultations and site visits and work with you to put together an ideal solution.

Exceptional Support & Maintenance

All installations come with a free 1-year on-site callout warranty and technical support package.

Corporate AV Hire

AV Xpert provides a wide variety of [equipment for hire](#) for corporate clients. We have a large stock of [sound](#), [lighting](#), [audio-visual](#), [video conferencing](#), [live streaming](#), and [hybrid conferencing](#) equipment available.

We offer dry hire, with customers able to collect from our warehouse in [Huntingdon](#), [Cambridgeshire](#), or alternatively we can deliver, set-up and operate equipment on site at your event.

We also provide full-scale [event production services](#) for larger events.

Meeting Room AV Systems

Transform your business with advanced **meeting room solutions** tailored to your business needs. Our expert installations enhance **collaboration**, streamline **communication**, and deliver a **professional experience** for every meeting.

Dynamic Displays

AV Xpert offers a wide range of **display solutions**, including **digital signage**, **commercial**, **interactive**, and **hospitality displays**, tailored for meeting rooms and business spaces. We also install high-quality **projectors** and **screens** for dynamic presentations in larger meeting spaces.

Premium Video Conferencing

Installed and portable video conferencing solutions, empowering businesses with intuitive systems that promote collaboration and streamline communication, to ensure **effortless virtual meetings** and an enhanced experience for both **in-person** and **remote participants**.

Bespoke Control Systems

Our **bespoke control systems** feature **customised UI and UX design and programming** complete with your own **company branding**. These tailored solutions are designed to **simplify AV management** and ensure intuitive and seamless control, enabling users to control audio-visual elements effortlessly.

High-Quality Audio

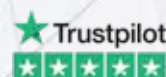

Advanced **audio solutions** for meeting rooms, ensuring **clear audio** for speakers, presentations, and video conference calls. Our systems improve communication and collaboration, enhancing the professional environment.

Video Conferencing Systems

Upgrade your meeting and collaboration spaces with our state-of-the-art video conferencing solutions. Designed for seamless communication, our systems ensure crystal-clear audio and high-definition video, enhancing collaboration across teams.

Integrated Video Conferencing

We specialise in customised integrated video conferencing systems for businesses, from compact huddle rooms to large-scale venues. Our solutions range from sleek all-in-one video bars for smaller spaces to fully integrated, bespoke ecosystems for boardrooms and lecture halls.

Bespoke Control Systems

Our control solutions feature customised UI and UX design, fully branded with your company's identity, providing a seamless, professional look and feel. Using the QSYS platform, a fully integrated AV and video conferencing ecosystem, we ensure that every element of your setup can be operated with ease, even by an inexperienced user.

Dynamic Displays

Our displays transform video conferencing by delivering clear, high-resolution visuals tailored to modern meeting spaces. We offer a variety of options, including dual displays and repeater screens, ensuring immersive visibility and seamless collaboration for all attendees, no matter the room size.

High-Quality Audio

Ensure your meeting rooms and collaboration spaces deliver exceptional sound quality with advanced speakers and microphones, designed to provide crystal-clear audio for impactful communication. Elevate your meetings with professional audio solutions for uninterrupted, clear dialogue every time.

PA & Background Music Systems

Enhance your meeting rooms and commercial spaces with **professional PA and background music systems**. Our expert team delivers **seamless audio solutions** tailored to your needs, ensuring crystal-clear communication and an elevated atmosphere.

Paging & Announcements

Upgrade your communication with our expertly installed **commercial paging systems**. Designed for clear, instant announcements across large or multi-zone spaces, our systems ensure critical messages are heard loud and clear.

Sound Distribution & Zoning

Optimise your space with our expertly designed **sound distribution and zoning systems**. Perfect for offices, retail, factories and commercial environments, these systems deliver **high-quality audio** precisely where you need it. Tailored to your space, we will ensure clear sound coverage.

Bespoke Control Systems

Our bespoke **control systems** provide **customised UI and UX design**, complete with your company's branding. These tailored solutions simplify **PA system management**, offering intuitive and seamless control of your commercial sound system.

High-Quality Music Systems

Superior sound quality is essential for effective commercial spaces. AV Xpert provides high quality **commercial speakers** and **audio systems** that ensure the best possible sound for any application. Our professional installations create an engaging and enjoyable environment for all.

AV Support & Maintenance

We provide seamless **integration, maintenance, and troubleshooting** of **audio-visual and IT systems**, ensuring your operations run smoothly. Trust our expert team to deliver **high-quality service** to your business, ensuring your AV systems are optimised and running effectively with minimal downtime.

Combined AV & IT Support

Our technical support team is **highly skilled and experienced** in both **audio-visual** and **information technology** products, enabling us to provide a complete AV system support solution for your business.

On-Site Callout Warranty

In addition to manufacturers' warranties, we include a **1-year on-site callout warranty** as standard with all of our installed **audio-visual systems** and **PA and background music systems**, to ensure that you can continue to use your equipment with confidence. This service includes **free engineer callouts** and **temporary loan equipment**.

Priority Telephone Support

We provide **priority telephone support** with our commercial installations, covering user error as well as any other unforeseen faults. This ensures **prompt assistance**, minimising downtime and keeping your systems running smoothly.

Flexible Support & Maintenance

We offer **Support and Maintenance Agreements (SMAs)** for all of our installed AV systems, and can also adopt equipment that we didn't install.

Our SMAs offer flexible support, providing a continuation of the levels of coverage from our 1-year on-site callout warranty, in addition to **annual service visits** to ensure equipment is kept properly maintained.

Our Clients

"AV Xpert is a **seriously professional company** that always does their utmost to provide **excellent service**. They worked really hard to supply three meeting room screens under a very tight delivery time. **Installation was very professional** and their **support was outstanding**."

"Nick and the team at AV Xpert have been superb. They are **quick to respond to queries, full of knowledge** and **expert advice**, and offer **very competitive prices**. We've used their services for one-off events and to install a new sound system - **both excellent**"

HUNTINGDON
TOWN COUNCIL

"Our recent **outdoor tannoy system upgrade** for our athletics and hockey venue was completely **on time and within budget** by the team at AV Xpert Limited. The specification set was complex and the time spent on ensuring that our needs were met has resulted in a **vastly improved system and service**."

"**Excellent, informed, and professional service**. The staff were **professional, efficient, and unobtrusive**. They communicated well and listened to our needs, offering advice and suggestions"

"Having investigated options and costs to install a **background music radio system** in our factory, I contacted AV Xpert. They provided the **advice and knowledge**, and showed the **diligence to advise where costs could easily be saved**. Their team was flexible and easy to work with. **Would I recommend them? Absolutely!**"
