

## Live Event Production Specialists

Bespoke technical event production services

Professional audio-visual productions, including **sound**, **lighting**, **staging**, and **live streaming**. From concept to delivery, we create tailored experiences for **conferences**, **events**, **awards ceremonies**, and more.

# We are AV Xpert.

AV Xpert deliver technical solutions for **events** and **conferences** across the UK. From concept to delivery, our expert team ensures every detail is taken care of, providing top-tier **staging, lighting, sound, and video services**. AV Xpert can bring your vision to life with seamless, high-quality production.

## Our Event Production Services

- Event Production
- Awards Ceremonies
- Hybrid Conferencing
- Corporate AV Hire
- Event Technician Services
- Professional Live Streaming

## Why Choose AV Xpert?

### Extensive Experience

We have over 10 years' experience designing and producing live events for commercial clients.

### Bespoke Event Design

We work with you to create customised technical solutions tailored to your specific requirements.

### Customer Focus

Every decision and action is driven by our commitment to meeting and exceeding our customers' expectations.

### Free Consultations & Site Visits

We offer free no-obligation consultations and site visits and work with you to put together an ideal solution.

### Technical Support

We provide technicians to operate the equipment, and a Lead Technical Manager to oversee proceedings.

## Corporate AV Hire

AV Xpert provides a wide variety of **equipment for hire** for corporate clients. We have a large stock of **sound, lighting, audio-visual, video conferencing, live streaming, and hybrid conferencing** equipment available.

We offer dry hire, with customers able to collect from our warehouse in **Huntingdon, Cambridgeshire**, or alternatively we can deliver, set-up and operate equipment on site at your event.

# Conference & Event Production

AV Xpert are your go-to partner for conferences that deliver **impactful brand experiences** through **exceptional stage design**, cutting-edge audiovisual technology, **technical expertise**, and **dedicated support** to ensure your event runs smoothly and has a lasting impact on your audience.

## Custom Stage Sets

Our **custom stage sets** blend **printed media** and **advanced AV elements**, including **rear projection screens** and **dynamic displays** for a captivating experience. We provide **full-service graphic design**, crafting branded backdrops, banners, and videos to create an immersive, professional event experience that reinforces your **brand**.

## High-Quality Audio

We provide a comprehensive selection of **professional-grade microphones**, all seamlessly integrated with our **premium sound systems** to deliver crystal-clear, high-impact audio across the entire venue. To guarantee accessibility for all attendees, we also offer **assisted hearing systems**, enabling guests with hearing difficulties to fully participate in and enjoy the event.

## Dynamic Lighting

Our customisable **stage and atmospheric lighting solutions** transform your conference venue, creating a visually engaging environment. With options like **soft-edged stage lights** and **ambient lighting**, we highlight key moments and align colour schemes to your **brand**, enhancing attendee experience.

## Video Distribution & Production

Our cutting-edge **video production equipment** ensures that every display, projector, and screen at your conference showcases seamless, engaging content. With smooth transitions between holding slides, presentations, videos, and live camera feeds, we keep every moment **visually captivating**.

# Awards Ceremonies

Whether you're organising a low-key staff awards evening or a grand gala dinner, AV Xpert is your trusted partner. We provide the **essential equipment** and **expert technical knowledge** to ensure your event runs seamlessly. Our team handle every detail to make sure your awards night is a truly memorable occasion.

## Impressive Visuals

We create **custom stage sets** with printed media and audio-visual content, utilising **rear projection screens**, **truss systems**, and **creative lighting** designs. Our solutions ensure a captivating and impactful awards ceremony experience, whilst elevating your **brand awareness**.

## High-Quality Audio

We provide various types of **microphones**, all linked up to a high quality **sound system**, ensuring clear and high-impact audio throughout the venue. We can also offer **assisted hearing systems** for any guests who have hearing difficulties.

## Custom Content

Create **bespoke content** for your ceremony. Our **graphic design** services include printed backdrops, pull-up banners, lectern graphics and more, and we offer **custom video content** for holding slides and presentations.

## Professional Live Streaming

Expand the reach of your audience with our **live streaming service**. We offer **single and multiple camera setups**, with streaming to **YouTube** or **Facebook**. For larger setups, we also offer **live vision mixing**, a full **AV Support Service**, and a **Technical Event Production Service**.

# Hybrid Conferencing

AV Xpert provides **professional hybrid conference services** for events that require both in-person and remote delegates to attend. Using **multiple camera angles, displays**, and a variety of **microphones**, we can ensure the best possible experience for all participants both local and remote.

## Technical Support

Our **skilled technicians** expertly manage **audio, video, and camera** inputs for seamless conference calls on all the major platforms, including **Teams, Webex, or Zoom**, ensuring smooth administration and a professional experience for all participants.

## Local Experience

Local in-person attendees will benefit from a **twin display system**, featuring one screen for presentations and another showing remote participants. **High-quality sound systems** are also put in place to amplify local presenters and remote speakers.

## Remote Participants

Remote delegates experience seamless connection with **high-quality audio** and **multiple camera angles**, making them feel part of the event. Our **built-in digital audio system** balances the sound from the various in-room microphones, ensuring remote delegates can hear everyone in the room clearly.

## Recordings & Playback

Our system features a **built-in recording function** for all video feeds, as well as for the main feed that is sent to the conference call. Therefore, we are able to provide **comprehensive session recordings**, including individual camera and presentation feeds.

# Stage, Stands & Trussing Hire

We supply **staging, stands and truss system** rental for corporate events, conferences, and more. Our stage and truss systems are **completely customisable**, allowing us to build bespoke stage sets to suit your exact requirements with optional **branded content** to enhance the experience.

## Staging

We stock **Prolyte StageDex staging**, which is among the strongest and most versatile systems on the market for building temporary stages. StageDex is ideal for all types of functions from conferences and awards ceremonies, to banquets, product launches and concerts.

## Custom Stage Sets

We offer **custom stage sets** featuring truss archways for drapery or branded panels, perfect for conferences and events. Our versatile truss structures can also support **projector screens** or **LED video walls**, seamlessly integrating them into the design for a professional, impactful presentation of your **brand**.

## Stage Lighting

Our extensive range of **stage lighting** is ideal for live events, conferences and more. With adjustable colour temperature to meet the needs of videographers, our versatile stage lighting will ensure the audience can see people clearly on stage, enhancing the atmosphere and adding a professional touch.

## Lecterns & Stands

We offer a wide variety of **stands and lecterns** for hire, perfect for events and conferences. Our range of durable and stylish **lecterns** add a professional touch to any presentation and can be integrated with high-quality gooseneck microphones and optional **custom branding**.

# Audio Equipment Hire

Discover our extensive [sound equipment hire](#) options. We offer high-quality [PA and sound systems](#), [subwoofers](#), [microphones](#) and [mixing desks](#) to ensure crystal-clear audio for your events. Experience unparalleled sound quality with our reliable audio solutions.

## PA & Sound Systems

Our [PA & sound systems](#) deliver high-impact sound, ideal for music playback, keynote soundtracks, and video segments, ensuring an engaging experience at every stage of your event. To guarantee accessibility, we also offer [assisted hearing systems](#), enabling guests with hearing difficulties to fully participate in your event.

## Subwoofers

You can add [subwoofers](#) to any of our PA systems to increase the total output of the system and add in some extra bass frequencies. By adding one or more subwoofers to a sound system, you will dramatically increase the system's capabilities, making it suitable for larger venues.

## Microphones

We provide a comprehensive selection of [professional-grade microphones](#), including gooseneck models for lecterns, wireless handhelds, and ear-hook options, all seamlessly integrated with our [premium sound systems](#) to deliver crystal-clear audio across your venue.

## Mixing Desks

We offer a wide selection of [mixing desks](#), both analogue and digital. These are suitable for live events, DJs, live bands and conferences. We stock everything from industry standard digital mixing desks to basic mixers and all that's in between.

## Our Clients

UNIVERSITY OF  
CAMBRIDGE

"Our first **hybrid workshop event** was a **great success**. Thanks very much to the team at AV Xpert for their **fantastic support** and **expertise** in ensuring all the hybrid elements ran smoothly. We look forward to working with them again."

"I just want to say **thank you** for your hard work on the **Spotlight Awards**. It was a new event for us all and we're really pleased it went smoothly. Thank you for all your time with the **planning, run-through, set-up** and **break down**, and everything else in-between."

"We have used AV Xpert for **two conferences**. They offer **great value, great equipment**, and **great staff**. They delivered an entirely **smooth operation**. **Highly recommend!**"

"**Excellent, informed, and professional service**. The staff were **professional, efficient, and unobtrusive**. They communicated well and listened to our needs, offering advice and suggestions. The staff on the day were very **attentive** and **helpful**."

Kimbolton School  
Parents' Association

"A huge **thank you** to you and your team for such a **fabulous job** over the last few days. From start to finish you have been **a joy to work with**. Nothing has been too much trouble, and I love working with professionals who find solutions and get on with the task in hand"

We are trusted by many well-known organisations...
